HERE'S SOME GOOD NEWS!

Due to the District's strong financial position and cost cutting measures by the District, the Board of Commissioners and the management staff have determined that no rate increase is needed for 2017.

Water District 125 maintains some of the lowest rates in the Seattle area. Specifically compared to the districts that surround Water District 125, we continue to have the lowest rates available for our rate payers for both residential and commercial accounts.

- A typical residential bill of 10 CCF in the summer cost over 14% less on average in Water District 125 than the surrounding area Districts.
- A typical commercial bill of 20 CCF in the summer cost over 60% less on average in Water District 125 than the surrounding area Districts.

The breakdown on the back page shows the full comparison of rates between our surrounding districts. For more information you can also visit

Imagine a Day Without Water.

You may not think about how water gets to you when you need it. You don't have to, because we do. We monitor, maintain and upgrade the pipes that deliver clean water and safely carry away our used water. But here's a dirty secret: Those systems are aging. Waiting until they fail is not an option. We all need water to wash, cook, bathe and do countless other daily tasks. Our families need water for fire protection, healthcare and food service. Your water bill pays for investments that guarantee clean, safe water is available. All day, every day—now and for future generations.

\$75—\$150

New Toilet Rebates Available

Residential and Multi Family customers are eligible for a rebate on high-efficiency toilets which can also cut your utility bills by up to \$200 a year. Toilets with the WaterSense label qualify for this program. Get the full details at savingwater.org or call 206-684-7283.
